

THE UNIVERSITY
of ADELAIDE

= 50 =
Years

Class of 1973
Golden Jubilee

Welcome message from the Vice-Chancellor and President

It gives me great pleasure to welcome the class of 1973 back to campus to celebrate your Golden Jubilee. Your return is made all the more special as it coincides with our University's 150th anniversary and in a year when we have come together to celebrate the many achievements of our staff, students and incredible alumni community.

We are delighted to be a part of this milestone and hope to share your joy in meeting once more with old friends at your University.

We are proud of our alumni and the significant contributions they have made and continue to make to our community.

Our alumni community is making a difference all around the globe, with more than 164,000 University of Adelaide graduates in 148 countries.

This community is our greatest achievement, and our alumni are our finest ambassadors, representing and connecting us locally and globally through their lives and work.

Today we celebrate the anniversary of your graduation. I am sure you will have many fond memories of your time here, and the difference the hard work you did then made to your life.

Today is an opportunity to revive those memories, and to walk once more through our beautiful North Terrace campus to see how it has changed, and how it has stayed the same. This is your University, and you are always welcome.

I thank each of you who has contributed to this commemoration by submitting your biographies, memories and photographs, helping to create a treasured memento of your Golden Jubilee. I have enjoyed reading your contributions.

Thank you for joining us and for being an active and valued member of our community.

Professor Peter Høj AC
Vice-Chancellor and President

Past Golden Jubilee Addresses

The first Golden Jubilee Commemoration was held in 1986 to coincide with the 50th anniversary of the opening of Bonython Hall.

The graduates and diplomates of 1936 who returned to the University for that first Golden Jubilee Commemoration began a tradition that is being continued this year by the graduates and diplomates of 1973.

The previous Golden Jubilee Addresses have been delivered by:

- 1986** C Warren Bonython AO
- 1987** The Hon Dr John J Bray AC
- 1988** Helen Crisp AM
- 1989** Dr Mervyn K Smith CBE
- 1990** Dr Kathleen Woodrooffe
- 1991** Dr Reg C Sprigg AO
- 1992** Sir Russel Tullie Madigan OBE
- 1993** Kenneth Berndt
- 1994** Joan Brewer AM
- 1995** Milton Spurling
- 1996** Dr James A Bonnin
- 1997** Dr Alan Kerr Grant AO
- 1998** The Hon Dr Samuel J Jacobs AO
- 1999** Dr Harry Medlin
- 2000** Emeritus Professor Tasman Brown
- 2001** Dr Rex Lipman AO
- 2002** Professor Fay Gale
- 2003** Dr Jeanette Linn OAM
- 2004** The Honourable Justice Leslie T Olsson
- 2005** Mathew Wilfred Anthonisz
- 2006** Elizabeth Silsbury OAM
- 2007** The Most Reverend Dr Ian George AO
- 2008** John Halbert MBE
- 2009** Professor Richard Deane Terrell AO
- 2010** Robert Cowan (Bob)
- 2011** Ken Allen AM
- 2012** Professor Richard Blandy (Dick)
- 2013** Dr Cheong Choong Kong
- 2014** The Hon Margaret Nyland AM
- 2015** Professor Rob Morrison OAM
- 2016** Professor Jock Findlay AO
- 2017** Emeritus Professor John Taplin
- 2018** Dr Baden Teague
- 2019** Professor Julian Disney AO
- 2021** The Honourable Catherine Branson AC SC
- 2022** Professor Emeritus David Lewis Ph.D.
- 2024** The Honourable Catherine Branson AC SC

Graduates, Diplomates, Alumni

The Enabling State Government Legislation in 1990 for the mergers between the University of Adelaide, Roseworthy Agricultural College and the City Campus of the South Australian College of Advanced Education conferred graduate status upon holders of University Awards regulated by the Statutes and Regulations. Accordingly, all diploma holders and some certificate holders are known as graduates in the same way as those with degrees.

Acknowledgements

The Golden Jubilee Commemoration Ceremony and Reunion Luncheon were organised by the staff of External Relations.

We would like to acknowledge the University of Adelaide Archives office for its assistance in the preparation of this event.

A very special thank you to our volunteer Ellen Randva (B Sc 1973) for her assistance in compiling the Commemoration Book.

Class of 1973

Class of 1973 Golden Jubilee

1973 Alumni profiles

Class of 1973 Golden Jubilee

Dr Donald (Don) Barrie

Qualifications

Bachelor of Medicine, Bachelor of Surgery (University of Adelaide, 1973)

Honours and awards

Fellow of Australian and New Zealand College of Anaesthetics

University memories

The six years of Medical School training with fellow students – many of whom have become lifelong friends. The clinical years were particularly busy academically and socially but very rewarding and unique. In that our course took six years – longer than most of us spent in Secondary School – we got to know each other well!

I particularly remember the long vacation between 5th and 6th year which was spent working in hospitals in Papua New Guinea – a great experience and a mixture of first and third world medicine.

Career and life accomplishments

Being accepted for training as an anaesthetist and then working in this specialty for 42 years after graduating.

Being involved with organising the many 1973 Adelaide Medical Graduate Reunions we have held.

Marriage to Deb Susman for 25+ years.

Advice you would give to your 20-year-old self

Remember it is a privilege to work with medical patients. Always try to explain important medical issues in a way easily understood by the patient. Never be condescending to them and show respect and empathy.

Robert (Rob) Crompton

Qualifications

Bachelor of Science in Mathematical and Computer Science (University of Adelaide, 1973)

Bachelor of Science in Mathematical and Computer Science (Honours) (University of Adelaide, 1974)

University memories

Sitting on the wall around the Maths Building lawn every day for lunch.

Career and life accomplishments

Responsible for design and implementation of the Australian medical bulk billing system.

Advice you would give to your 20-year-old self

Relax and enjoy the people around you.

Brian Cunningham

Qualifications

Bachelor of Science (University of Adelaide, 1973)

Diploma in Education (University of Adelaide, 1974)

University memories

The best four years of my life were spent at The University of Adelaide – freedom to pursue what was important in life and critical to my decision making for the future.

Career and life accomplishments

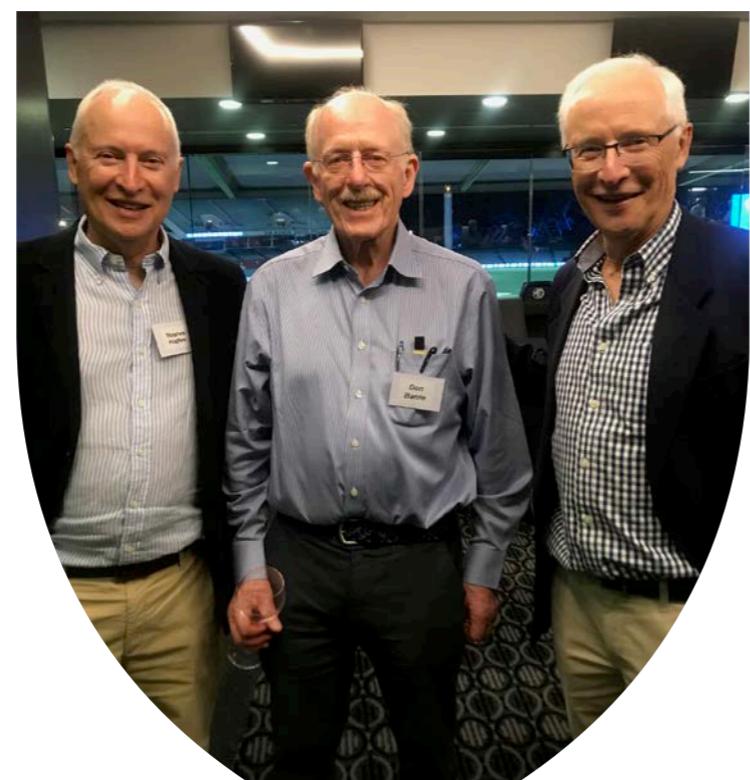

25 years of experience as a Chief Executive in SA. First career was in education – progressed to several other CEO roles. Success in semi-professional football in SANFL, captaining Port Adelaide to triple premierships in 1979-1981. As CEO of Port Adelaide led a successful AFL Club franchise license bid for the PAFC to enter the National AFL competition in 1997 ultimately winning its first AFL Premiership in 2004. AFL Life Member, SANFL and Port Adelaide Hall of Fame Member and Australian Sports Medal 2000. Ran two large SA Government departments as CEO. My greatest achievement, however, is my family.

Advice you would give to your 20-year-old self

Probably take more time to smell the roses on the journey.

Brian Cunningham & Russell Ebert – Port Adelaide, 1980 SANFL Grand Final winner

Drs Stephen Hughes, Don Barrie and David Hughes at their 1973 reunion

Dr Kerrie Davies

Qualifications

Bachelor of Science (University of Adelaide)
 Bachelor of Science (Honours) (University of Adelaide)
 PhD (University of Adelaide, 1973)
 Diploma in Tertiary Education

University memories

Working for my PhD during a period of enormous social change and challenges. It was at a time when we were at war in Vietnam, women were fighting for equality etc. While I was learning my science craft, it was the debate about society that I most remember. Morning teas were always stimulating and exciting occasions. I also have grateful memories of the patience and guidance that my supervisors, Peter Miles and Prof Tom Browning, provided for me.

Career and life accomplishments

Firstly, supervising PhD students and watching their careers. Secondly, introducing undergraduates and also adult learners to the discipline of nematology. Thirdly, contributing to the understanding of the diversity and biology of nematodes indigenous to Australia.

Advice you would give to your 20-year-old self

Go for it! Enjoy the excitement and forget about possible financial return.

Robert Guthrie FACE

Qualifications

Bachelor of Arts (University of Adelaide, 1973)
 Diploma in Education (University of Queensland)

Honours and awards

Fellow of the Australian College of Educators 1995 (for contributions to Queensland secondary education over 25 years)

University memories

Just being a part of the incredible experience of lectures and tutorials and exams at Adelaide Uni in the era of 1960s-'70s. And the personalities/lecturers who were on the staff – Ron Corney, David Hester and Kathleen Hassell in Classics; Hugh Stretton and George Rude (The Crowd in History) in History; Bob Hetherington and Neal Blewett in Politics; JJC Smart in Philosophy; John Colmer (mainly Modern) and Brian Elliott in English; John Bishop and John Horner and Jack Peters at the Elder Conservatorium. The camaraderie in the student refectory and in the Barr Smith Library. Another age...

Career and life accomplishments

Enrolment in my part-time Adelaide Uni studies helped me gain my first job as a cadet journalist at the ABC in Hindmarsh Square in 1964. I worked there in radio and television until 1971, all the time fitting in day and night lectures and tutorials when, with my BA almost completed, I moved to Brisbane to do a Qld Uni Dip Ed and so began a 35-year career in Queensland high schools. I was principal in six of them. I always remained grateful for, and proud of, my Adelaide BA – it was rigorous, rewarding and memorable.

Advice you would give to your 20-year-old self

Persevere through the tough years of part-time study/full-time work/family commitments and social distractions – because when you look back in 60 years' time, you will realise that besides being some of the happiest challenges of your life, the time spent in that second and third decade of your life was pivotal to the rest of it.

Dr Harry William John Harding

Qualifications

Bachelor of Science (University of Adelaide, 1967)
 Bachelor of Science (Honours) (University of Adelaide, 1968)
 PhD (University of Adelaide, 1973)

University memories

The enthusiasm and pace of the teaching and the research in the Biochemistry Department (then in the Darling Building), led by Professor Bill Elliott and ably assisted by the likes of Dr Julian Wells, Dr Barry Egan and Dr Bob Symons, and in my case, especially Dr (later Professor) George Rogers.

Career and life accomplishments

1972: Defence expert witness (hair) in R v Van Beelen murder trial.
 1975: Established Forensic Biology Laboratory within the IMVS (became Forensic Science SA.)
 1977: Established the QEII Sexual Assault Referral Centre.
 1977: Married Eleanor.
 1990: As Vice-President, organised meeting of International Association of Forensic Sciences in Adelaide.
 1996: Resigned from State Forensic Science.
 2001-2023: Pro-bono independent consultant on forensic science matters. Successfully submitted to Parliament for amendment of laws to allow second appeals in criminal cases in which new evidence has become available. Through my evidence, R v Drummond was found (2015) to be a miscarriage of justice.

Advice you would give to your 20-year-old self

What you do in life matters ... to you, to others, and to God. How you live your life now is a legacy for the generations to come.

Robert (Bob) Mills

Qualifications

Bachelor of Technology (Civil) (University of Adelaide, 1973)
 Local Government Engineers Certificate
 Certificate of Transport Planning and Control (University of NSW)

University memories

I have limited memories of the University as my lectures were at the Institute of Technology at the North Terrace Campus and then at the new Campus at the Levels. In early days this was hot and dusty or cold and wet but still in the middle of nowhere! My main memories are of the Barr Smith Library where I would research material and/or study in a quiet environment, not readily available at home with two small children in the latter years of the course.

Career and life accomplishments

Chief Traffic Engineer 1985-1994, City of Adelaide, with responsibilities including: effective and efficient management of the administration and operation of the City's traffic system and off-street car parks. Design, implement, monitor and review the traffic system, including traffic signals and on-street car parking. Traffic and parking studies, data collection, traffic and parking layouts, kerbside usage allocation and assessment, crash studies/analysis.

Life accomplishments include being a paying crew member of the 'One and All' as she completed her maiden voyage after the First Fleet Re-enactment in 1988 and attending the ANZAC Dawn Service at Gallipoli and walking the battlefields in 1996.

Advice you would give to your 20-year-old self

Decide on a rewarding and challenging career path and persevere to compete the necessary qualifications.

Richard Penalurick

Qualifications

Bachelor of Science (University of Adelaide, 1973)
Diploma in Education (University of Adelaide, 1977)

University memories

Time fades the good and bad experiences – there were both. The best was probably attending university with the exposure to so much that was new and different from previous schooling and life, helped me tackle new challenges of life.

Career and life accomplishments

I cannot isolate any earthshattering events. Nevertheless, I was able to educate/train people and help them with their careers and employment. There was also the management of trainers, recruitment activities and some repair work that has enabled me to now enjoy retirement.

Advice you would give to your 20-year-old self

Realise that life has its ups and downs, but with persistence you can survive. You undoubtedly will need to ask for guidance and assistance – don't be afraid to seek it out.

Emilio Prelgauskas

Qualifications

Bachelor of Architecture (University of Adelaide, 1973)

Honours and awards

Fellow of the Royal Australian Institute of Architects
Full Blue AU Sports Association

Career and life accomplishments

Retired Commissioner ERD Court of SA 2009-2022; Logistics Manager SAVEM emergency agency in disaster phases of Response and Recovery 2009; founder AU Gliding Club 1976 and Monarto Sailplaner Museum 1983; contributor to building performance passive systems in publications and Environment Design Guide.

Dr John Pym

Qualifications

Bachelor of Medicine, Bachelor of Surgery (University of Adelaide, 1973)

Fellow of the Royal Australasian College of Surgeons

Fellow of the American College of Surgeons

Fellow of the Royal College of Surgeons of Canada

Honours and awards

University Blue (I believe one of only four ever awarded for swimming).

Career and life accomplishments

First surgeon to use the right gastro-epiploic artery as a coronary bypass graft.

One of the pioneers of total arterial revascularization of the heart.

Ellen Randva

Qualifications

Bachelor of Science (University of Adelaide, 1973)
Graduate Diploma in Library Studies (RMIT, 1974)

University memories

Researching scientific literature in the Barr Smith Library and studying in the magnificent Reading Room; enjoying fresh cream cheese rolls and wagon wheels in the Union Hall basement cafe (the Catacombs); Prosh Week parade and pranks; crowded 1st year physics lectures by a very entertaining lecturer (whose name I've forgotten unfortunately); fruit fly breeding in my 3rd year genetics project.

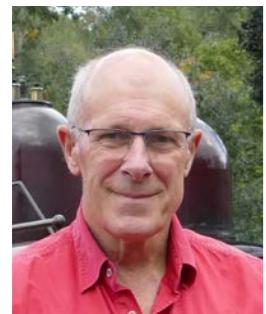

Career and life accomplishments

As a librarian, I worked mainly for the University of Adelaide's Barr Smith Library (BSL) and at the Waite Campus. In the 80's, I provided Medline database searches (via dial up modem!) for University academics and researchers and trained other SA health and medical librarians. As the Waite librarian in the '90s, I automated all manual library processes and procedures and was responsible for the amalgamation of the libraries of the Waite Campus and the SA Department of Agriculture (later PIRSA & SARDI) in a new purpose-built library – the Woolhouse Library. In later years, I managed a large team of liaison librarians in the BSL.

I also worked overseas as the University's first exchange librarian at the University of British Columbia's Woodward Biomedical Library (1987) and at the College of Law, London (1997-1998).

Advice you would give to your 20-year-old self

Embrace the whole university experience by participating in sports, clubs or social events and make lifelong friends.

Alan Richardson

Qualifications

Roseworthy Diploma in Agriculture (University of Adelaide, 1972)

Roseworthy Diploma in Agricultural Technology (University of Adelaide, 1973)

University memories

Spending four years living, working and studying at Roseworthy Agricultural College shaped my life. It taught me many life skills (including leadership), gave me the broadest education possible, as agriculture covers a vast range of disciplines, and allowed me to establish many lifelong friendships.

Career and life accomplishments

Apart from being the proud parent of three hard-working and admirable Australian citizens, I was best noted for my contribution to Regional and Rural radio broadcasting with the ABC, including head of the ABC Rural Department in Western Australia and Regional Program Manager at Mount Gambier SA.

Advice you would give to your 20-year-old self

Never be afraid to tackle a new challenge, to grab a new career opportunity, to move to a new location or to meet new people. You don't want to look back at your life and regret the opportunities you missed.

Peter Roberts

Qualifications

Bachelor of Science (University of Adelaide, 1973)

Bachelor of Science (Honours) (University of Adelaide, 1974)

University memories

Lunches with friends in the sunshine on the lawn between the Maths building and the Union Theatre were an important part of my day.

Career and life accomplishments

Canon Research

Advice you would give to your 20-year-old self

Get out of the church and be your true self!

Brian Tattersall

Qualifications

Bachelor Engineering (Civil) (Honours) (University of Adelaide, 1973)

Graduate Diploma in Business Administration

University memories

Enjoyed the university lifestyle and the opportunity to study and develop lasting relationships within the profession. Prosh days were always a hit.

Career and life accomplishments

After working within the SA State Government for many years, I finished the last 14 years of my career working in Mozambique and Vietnam project managing water supply projects which delivered clean water directly to over seven million people in small towns/cities.

Advice you would give to your 20-year-old self

Look for opportunities to work in developing countries a little earlier than I did.

Geoff Vogt RFD

Qualifications

Bachelor of Economics (University of Adelaide, 1973)

Honours and awards

RFD Reserve Force Decoration

University memories

Being inspired to take lifelong interest in and gaining a deep understanding of economics by listening to Geoff Harcourt make dull old macroeconomics jump off the page and live.

Career and life accomplishments

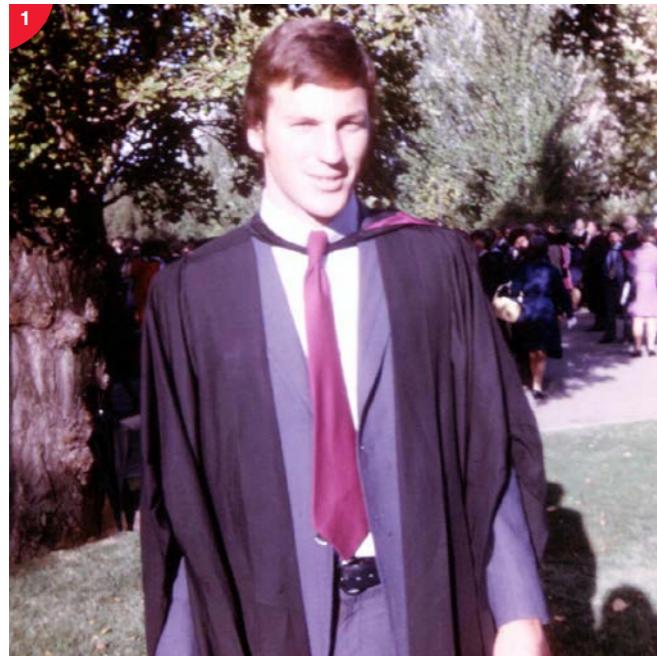

Being trusted to be the founding CEO of the Industry Leaders Fund, which in my term offered grants to 261 SA based industry leaders to study leadership courses around the world. They, in turn, generated 3490 jobs in South Australia directly in their businesses, in addition to adding considerable wealth to the state.

Advice you would give to your 20-year-old self

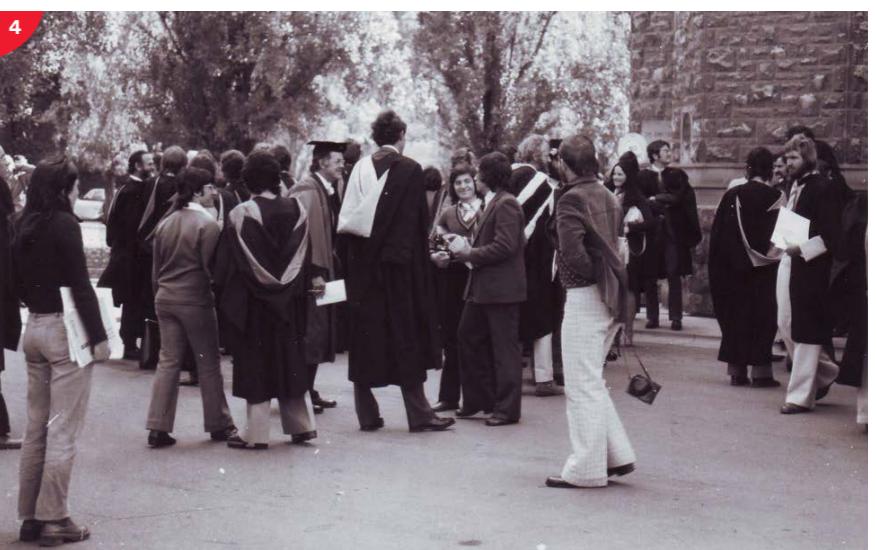

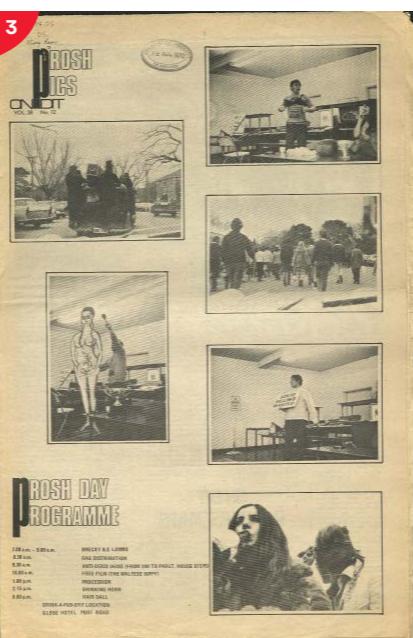

Working for the common good generates fabulous lifetime satisfaction. Always be ethical, honest and don't be afraid to test your limits, to try anything.

Water treatment plant in Dong Hoi Vietnam

1. Brian Tattersall at his graduation, 1973
2. Brian Cunningham, c2004
3. Ellen Randva with husband Tom Smith, Positano, Italy 2023
4. Graduates of the University of Adelaide with a Degree of Bachelor of Technology, Civil Engineering in 1973. Left to Right: Andrew Brown, Peter Condon, Robert Mills, James Rowan, Rosario Calcagno

1973 Golden Jubilee Class Gift

Traditionally, the Golden Jubilee class makes a collective gift marking the special occasion of 50 years since their graduation from university.

The Class Gift supports the Augustus Short Scholarships which assist Australian students of high academic merit who are disadvantaged and at risk of not pursuing their degree and achieving their career goals.

Agnes Doyle, a recent Augustus Short Scholarship recipient, embarked on a Bachelor of Medical Studies at the University of Adelaide in 2023.

“Growing up in Mount Gambier it was always clear to me that regional healthcare was under resourced and underfunded. Asthma frequently landed me in the hospital, where I encountered various challenges: from being admitted to the adult ICU ward due to limited space in the children’s ward, enduring month-long waits to see a doctor, to traveling to Adelaide for surgery. The lack of staff and resources at hospitals in the country really impacted my family and me,” Agnes said.

“It is an honour to have received the Augustus Short Scholarship and I am extremely grateful for the donors who made this possible.

“Despite working two jobs during my gap year post high school to fund my university studies, the expense of relocating from country South Australia and living away from the family home was challenging,” she said.

Thanks to the support from generous donors, and the Golden Jubilee Class Gift, the Augustus Short Scholarship changes lives each year. However, over the past 20 years, we have received more scholarship applications than we can support, and hundreds of deserving students have missed out on this invaluable financial support during their studies.

Please join us today to help talented students overcome financial and geographical barriers to pursue their dreams of higher education.

Your gift will impact the lives of students at the University for decades to come. Make a gift today by calling us on (08) 8313 5800 or by visiting give.adelaide.edu.au/golden-jubilee-class-gift

Augustus Short Scholarships awarded since 2003

Kaurna acknowledgement

We acknowledge and pay our respects to the Kaurna people, the original custodians of the Adelaide Plains and the land on which the University of Adelaide's campuses at North Terrace, Waite, and Roseworthy are built. We acknowledge the deep feelings of attachment and relationship of the Kaurna people to country and we respect and value their past, present and ongoing connection to the land and cultural beliefs. The University continues to develop respectful and reciprocal relationships with all Indigenous peoples in Australia, and with other Indigenous peoples throughout the world.
