Class of 1974  
Golden Jubilee

# Welcome message from the Vice-Chancellor and President

**It gives me great pleasure to welcome the class of 1974 back to campus to celebrate your Golden Jubilee. Your return is made all the more special as it coincides with our University's 150th anniversary and in a year when we have come together to celebrate the many achievements of our staff, students and incredible alumni community.**

We are delighted to be a part of this milestone and hope to share your joy in meeting once more with old friends at your University.

We are proud of our alumni and the significant contributions they have made and continue to make to our community.

Our alumni community is making a difference all around the globe, with more than 164,000 University of Adelaide graduates in 148 countries.

This community is our greatest achievement, and our alumni are our finest ambassadors, representing and connecting us locally and globally through their lives and work.

Today we celebrate the anniversary of your graduation. I am sure you will have many fond memories of your time here, and the difference the hard work you did then made to your life.

Today is an opportunity to revive those memories, and to walk once more through our beautiful North Terrace campus to see how it has changed, and how it has stayed the same. This is your University, and you are always welcome.

I thank each of you who has contributed to this commemoration by submitting your biographies, memories and photographs, helping to create a treasured memento of your Golden Jubilee. I have enjoyed reading your contributions.

Thank you for joining us and for being an active and valued member of our community.

Professor Peter Høj AC  
Vice-Chancellor and President

# Past Golden Jubilee Addresses

The first Golden Jubilee Commemoration was held in 1986 to coincide with the 50th anniversary of the opening of Bonython Hall.

The graduates and diplomates of 1936 who returned to the University for that first Golden Jubilee Commemoration began a tradition that is being continued this year by the graduates and diplomates of 1974.

The previous Golden Jubilee Addresses have been delivered by:

- 1986** C Warren Bonython AO
- 1987** The Hon Dr John J Bray AC
- 1988** Helen Crisp AM
- 1989** Dr Mervyn K Smith CBE
- 1990** Dr Kathleen Woodrooffe
- 1991** Dr Reg C Sprigg AO
- 1992** Sir Russel Tullie Madigan OBE
- 1993** Kenneth Berndt
- 1994** Joan Brewer AM
- 1995** Milton Spurling
- 1996** Dr James A Bonnin
- 1997** Dr Alan Kerr Grant AO
- 1998** The Hon Dr Samuel J Jacobs AO
- 1999** Dr Harry Medlin
- 2000** Emeritus Professor Tasman Brown
- 2001** Dr Rex Lipman AO
- 2002** Professor Fay Gale
- 2003** Dr Jeanette Linn OAM
- 2004** The Honourable Justice Leslie T Olsson
- 2005** Mathew Wilfred Anthonisz
- 2006** Elizabeth Silsbury OAM

- 2024** The Honourable Catherine Branson AC SC

## Graduates, Diplomates, Alumni

The Enabling State Government Legislation in 1990 for the mergers between the University of Adelaide, Roseworthy Agricultural College and the City Campus of the South Australian College of Advanced Education conferred graduate status upon holders of University Awards regulated by the Statutes and Regulations. Accordingly, all diploma holders and some certificate holders are known as graduates in the same way as those with degrees.

## Acknowledgements

The Golden Jubilee Commemoration Ceremony and Reunion Luncheon were organised by the staff of External Relations.

We would like to acknowledge the University of Adelaide Archives office for its assistance in the preparation of this event.

A very special thank you to our volunteer Ellen Randva (B Sc 1973) for her assistance in compiling the Commemoration Book.

## David Badenoch

### Qualifications

Diploma of Teaching (Secondary) (Adelaide Teachers College, 1970)  
 Bachelor of Arts (University of Adelaide, 1971)  
 Diploma in Physical Education (University of Adelaide, 1971)  
 Diploma in Education (University of Adelaide, 1974)  
 Master of Education (Flinders University, 1982)

### Honours and awards

Received a record 14 individual University Teaching Excellence Awards while at the University of South Australia (1984 to 2008).  
 1989 Lydia Longmore Memorial Award for excellence in research and teaching of Play Studies.  
 1992 Vice Chancellor's Inaugural Individual Excellence in Teaching.  
 2003 Vice Chancellor's Scholarly Teaching Award.  
 2006 UniSA Citation for Outstanding Contributions to Student Learning.  
 2007 Vice Chancellor's Excellence in Teaching Award.  
 2007 National Carrick Citation for Outstanding Contributions to Student Learning for "a sustained (24 years) innovative and scholarly approach to reflective teaching and student-centred learning facilitating high levels of student satisfaction and advancement of graduate qualities."

### University memories

Experiencing life-changing relationships and developing lifelong friendships, socialising on the Barr Smith Lawns, playing Australian Rules football for the Blacks, (1965 A1 Premiers team), being an Intervarsity representative in swimming, water polo and football, an Intercollege representative for Adelaide Teachers College in football, athletics and swimming, celebrating at University Balls, joining Prosh-week stunts and Vietnam protests.

My memorable lecturers included Fay Gale's Cultural Geography, Nigel Wace's Biogeography, (Flinders Chase National Park field trip), Eddie Hughes's Philosophy (and our exhausting badminton games on Friday afternoons), Peter Phillips's History of Nazi Germany, Norman Etherington's American History and Denis Glencross's, Sport Psychology.

### Career and life accomplishments

Knowing I made a valued and sustained contribution to students' lives.  
 Co-authored:

- Australia's first undergraduate and postgraduate recreation programs (1976-1979)
- Australia's first undergraduate multidisciplinary major in Sport and Play Studies (1994)
- The first two funded evaluations of Operation Flinders (1995; 2001)

International Convenor (2006) Perspectives on Best Practices in Programs for At Risk Populations, Prato, Italy.

Awarded an International Olympic Academy Diploma (2008) for contributions to Olympic Education.

Sharing, with my wife Rosie, the joint responsibility and privilege of raising our sons, Adam and Ben.

Being ranked in the National top10 masters' swimmers for my age group for butterfly and freestyle events in 1981, 1989 and 2011.

### Advice you would give to your 20-year-old self

Make the most of the opportunities that a university life offers.  
 Discover what you are good at and love and follow that path.  
 Don't be afraid of changing courses if you find that your current one is not what you really want to do.  
 Don't be afraid of setbacks. Learn from them instead.

## Margaret Barbalet (nee Hardy)

### Qualifications

Bachelor of Arts (Honours) (University of Adelaide, 1971)  
 Master of Arts (University of Adelaide, 1974)

### University memories

Sitting in the beautiful Barr Smith Reading Room.

### Career and life accomplishments

My eight published books, six with Penguin, and my three adult sons, and now too, five grandchildren.

### Advice you would give to your 20-year-old self

Have faith and be true to yourself.

Margaret Barbalet (nee Hardy) at graduation in 1973 as MA in History, with her mother, Anne Caroline Hardy, 1921-2013, also a graduate of the University of Adelaide.

## Julia Louise Browne (nee Poulton)

### Qualifications

Bachelor of Arts (University of Adelaide, 1974)  
 Diploma in Teaching (Secondary) (University of Adelaide, 1975)  
 Bachelor of Early Childhood Education (Inservice)

### University memories

I loved the packed lecture theatres, the great discussions in tutorials and the camaraderie with my fellow students. The Reading Room in the Barr Smith had the most wonderful atmosphere and evoked memories of times gone by. Having access to rare books was a great privilege and joy. The Refectory for lunch and the lawns, listening to the latest bands and chatting with friends, a golden time!

### Career and life accomplishments

A working life dedicated to empowering others through education and compassion is my proudest accomplishment. As a teacher and social worker, assisting others to overcome life's obstacles and reach their full potential and to enjoy life is a life well spent. Being awarded Staff Person of the Year in 2012 whilst working as Family Worker, tasked with empowering disadvantaged families, made me feel that I had made the best of my Adelaide University education and experience.

### Advice you would give to your 20-year-old self

Enjoy every good thing that life offers you, take every opportunity and don't hold back!

## Cockshell, Cyril David (Dave) OAM

### Qualifications

Bachelor of Science (University of Adelaide, 1974)  
 Bachelor of Science (Hons) (University of Adelaide, 1975)

### Honours and awards

OAM 2024 for service to Rotary programs worldwide and the geophysical community in Australia  
 Rotary International Service Above Self Award 2020 for service to Rotary programs worldwide.

### University memories

Positive learning experience in a very supportive environment. Geological and geophysical field trips with colleagues, tutors and staff were particularly rewarding.

### Career and life accomplishments

Being National Treasurer of the Australian Society of Exploration Geophysicists for many years got me involved in many rewarding projects and international conferences. As Manager of the Rotary Australia Repurposing Equipment program in South Australia I have been able to help thousands of needy people and communities around the world with millions of dollars' worth of medical and educational equipment surplus in our state. Personally seeing recipients in hospitals in Fiji and Nepal with these donated goods was particularly rewarding.

### Advice you would give to your 20-year-old self

Keep your long-term life goals in mind throughout your career.

## Cresswell, Dean

## Brian Cunningham

### Qualifications

Bachelor of Science (University of Adelaide, 1973)  
Diploma in Education (University of Adelaide, 1974)

### University memories

The best four years of my life were spent at The University of Adelaide – freedom to pursue what was important in life and critical to my decision making for the future.

### Career and life accomplishments

25 years of experience as a Chief Executive in SA. First career was in education – progressed to several other CEO roles. Success in semi-professional football in SANFL, captaining Port Adelaide to triple premierships in 1979-1981. As CEO of Port Adelaide led a successful AFL Club franchise license bid for the PAFC to enter the National AFL competition in 1997 ultimately winning its first AFL Premiership in 2004. AFL Life Member, SANFL and Port Adelaide Hall of Fame Member and Australian Sports Medal 2000. Ran two large SA Government departments as CEO. My greatest achievement, however, is my family.

Graduate Diploma of Psychotherapy  
Graduate Diploma of Business (Health Service Management)

### Honours and awards

The Christopher and John Campbell Prize for Biochemistry (1971)

### University memories

Consolidating friendships over the six years of Medicine which are still fresh and supportive today. Enjoying summertime lunches on the Barr Smith lawns. Having fun at Pudendal Do's and Med Balls. Trying to play bridge with the boys in Arcadia common room.

### Career and life accomplishments

Working in the closed high security ward at Glenside Hospital in the 1980s and helping desperately ill patients recover their mental health. Being part of the Executive management team at the Lyell McEwin Hospital which oversaw its rebuilding programme in the early 2000s and assisted it to achieve full accreditation with ACHS. Watching my son grow up, mature, undertake advanced education at University and establish a superb career with his qualifications while raising a family with his wife. Finally learning to play bridge properly.

### Advice you would give to your 20-year-old self

Don't lose heart when things seem tough....share your worries and fears with someone who cares for you and persevere in your chosen life path.

### Advice you would give to your 20-year-old self

Act on your instincts and maintain your integrity.

## Geoff Lloyd

### Qualifications

Bachelor of Economics (University of Adelaide, 1974)  
CA Certified Accountant

### University memories

Metamorphous: at the start of my university years, academic skills though relatively high, had been achieved in the somewhat spoon-fed years of secondary schooling; also the level of maturity and experience in life was in reality quite low. University turned all that on its head – it is easy to see, with hindsight, that university years brought a rapid period of growth through significant development in learning style, knowledge/skills, and maturity – causing a noticeable and quick evolution from youth/student into adulthood, earning, and a life-long career in business.

Friendships and facilities: classes were small and general aspirations of most were high. Learning was made easy. Friendships were readily formed.

### Career and life accomplishments

Wife and family – still married to same girl after 42 years. More or less same career/profession for 50 years since graduation – satisfying and rewarding.

### Advice you would give to your 20-year-old self

Set clear goals; make properly considered decisions (think before you act) including taking risks. Things will seem simpler and more manageable with hindsight.

PhD (University of Adelaide, 1980)

### Honours and awards

2008 Perkin Medal awarded by the Society of Chemical Industry (America Section) for the successful development of materials to replace ozone-depleting CFCs. The Perkin Medal is an annual award to a scientist residing in America for an “innovation in applied chemistry resulting in outstanding commercial development.” It is considered the highest honour given in the US chemical industry.

Doctor of Science (honoris causa) conferred in 2014 by the University of Adelaide for technical and commercial development of ozone-safe materials crucial to the successful implementation of the Montreal Protocol (on Substances that Deplete the Ozone Layer).

### University memories

I have many memories from the 8 years spent at the University of Adelaide from BSc to PhD before embarking on an unknowingly, permanent move to the USA. Foremost among them is the enriching educational environment fostered by the lecturers and professors. Equally enduring are the friendships formed, some lasting a lifetime. I also recall times spent in the Barr Smith Library studying and researching, the Prosh Week “festivities”, Friday lunchtime concerts or movies at Union Hall, meals and the coffee in the refectories and the buzz of Friday evenings spent at the Student Union Bar.

### University memories

The camaraderie of being on call at hospital as part of a clinical team. Learning bridge and playing it with my fellow students.

### Career and life accomplishments

After completing my PhD while working as a research fellow at the CSIRO Division of Human Nutrition in Adelaide, I moved to New Zealand in 1984 to lecture in epidemiology in the medical faculty at the University of Auckland. Since then, I have progressed through the academic ranks to become a Professor in Epidemiology, and eventually Head of the School of Population Health. I have co-authored nearly 400 peer-reviewed publications in medical journals, been awarded over \$20 million in research funding, and supervised many theses by doctoral and master's students. I am still working at the University, but retirement looms!

## David Brian Swift

### Qualifications

Bachelor of Engineering (Civil) (Honours) (University of Adelaide, 1974)

Master of Infrastructure Management (Australian National University)

### University memories

Being able to apply the fundamental skills I learnt during my engineering degree to a career full of multi-disciplinary projects and assignments. Be they large or small projects, infrastructure or business improvement, service delivery or policy development, the basics of creating solutions were well founded from my time at university.

### Career and life accomplishments

A career full of variety. Always striving for continual improvement. Giving back to the community after stopping paid work. All made possible with my loving wife and our children and their families and our grandchildren. A proud and happy person.

### Advice you would give to your 20-year-old self

Welcome every opportunity that comes along and always aim to make whatever you are involved with better.

## Denise Szep (nee Holt)

### Qualifications

Bachelor of Science (University of Adelaide, 1974)

### University memories

Lunch times spent on the Maths Department Lawn relaxing and having fun with friends. Prosh Day and being carried through the University and thrown into the River Torrens. Daddy Cool singing Eagle Rock on the lawns. Hours spent studying in the Library. First serious boyfriend. Biochemistry lectures. Genetics practicals and learning about modes of inheritance.

### Career and life accomplishments

46 years working as a Medical Laboratory Scientist in Biochemistry laboratories in Adelaide Children's Hospital, Middlemore Hospital, Royal Brisbane Hospital and Gold Coast Hospitals culminating in 20 years as Supervising Scientist. Marrying and having two sons. Extensive travel.

### Advice you would give to your 20-year-old self

Spend more time with family and less working. Choose your lifetime partner well.

### Qualifications

Bachelor of Agricultural Science (University of Adelaide, 1974)

Bachelor of Agricultural Science (Honours) (University of Adelaide, 1975)

Graduate Diploma in Further Education

Master of International and Community Development

### University memories

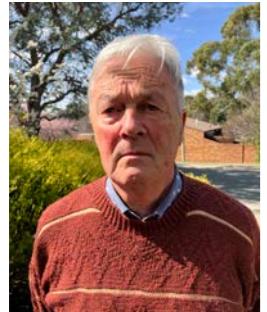

My time at the Waite Institute was particularly enjoyable. A small group of like-minded students with the benefit of a wonderful study environment within the city bounds. Only later did I appreciate how special the responsibility-free life of being a university student actually was.

### Career and life accomplishments

Establishing the first On-Farm Training Scheme in South Australia was an early success. Working in International Development Projects for 25 years in Southeast Asia opened my eyes to other countries and cultures and was very rewarding. Greatest satisfaction has come from the generation of two daughters and five grandchildren.

### Advice you would give to your 20-year-old self

As my first boss said "an empty can makes the most noise" – so listen more than you speak! Slow down and smell the roses. Make the most of every day and don't despair if one door closes; if you look around another door will open somewhere.

## Jillian Whittaker OAM

### Qualifications

Bachelor of Arts (University of Adelaide, 1974)  
 Diploma in Education

### Honours and awards

OAM 2023 Awarded for services to the community and local government.

### University memories

The time spent in the (then) new refectory, on the Barr Smith Lawns, in the Barr Smith library, at the Union Theatre, discussing the questions around the fast-changing world. Being challenged by lecturers and tutors on some strongly held points of view and learning about the world outside my sheltered upbringing on a Yorke Peninsula farm. The introduction to a new world of ideas, different perspectives and learning how to construct an argument became a valuable lifelong skill.

### Career and life accomplishments

My proudest achievements are working as a teacher and making a difference to the lives of children of all ages and abilities, then moving into the Commonwealth Public Service where I managed to influence and improve decisions. Local Government over the past two decades, first as a councillor, member of the Local Government Association Board and as a mayor has provided the greatest satisfaction as projects and programs are developed locally and around the state.

(University of Adelaide, 1974)

### University Memories

Having to spend four to five full days in the university campus meant we had to spend lunch and leisure hours in the campus. I enjoyed my lunch time at University refectory, meeting friends there, or on the Barr Smith Lawns, and occasionally a movie at the Union Hall!

Soo Kiang Wong –

### Career and life accomplishments

On graduation, I joined the then Engineering and Water Department (EW&S, now SA Water). I had a very fulfilling professional engineering career in that Agency, participated and contributed to the early water filtration programs in the 70s and 80s. Couldn't hide the excitement when clear, filtered water first appeared in the taps! Professionally, it was probably my best time.

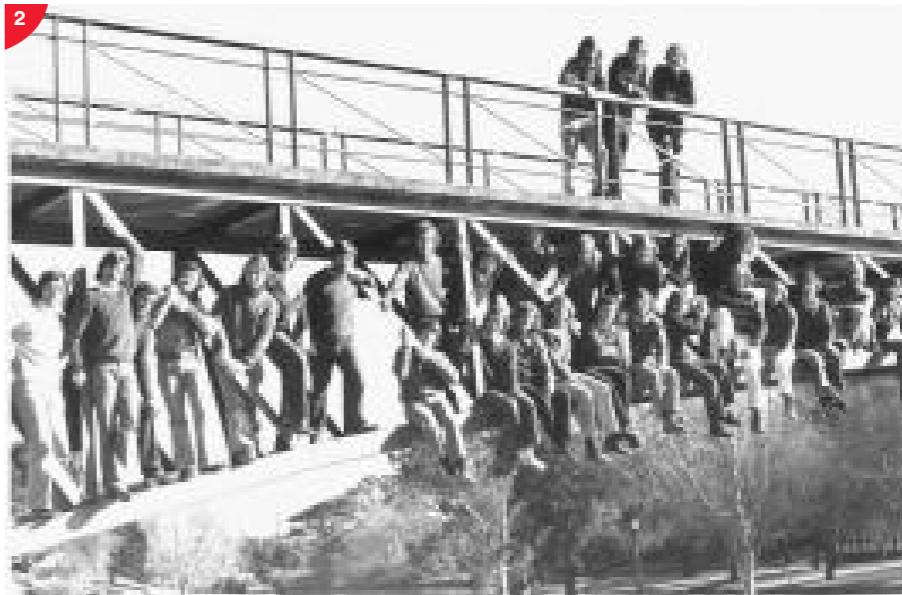

I later switched to a different, and a more legalistic and industrial relations-orientated engineering role in Occupational Health and Safety. Providing technical inputs in the development of the new legislation. Workplaces these days are healthier and safer.

# 1974 Golden Jubilee Class Gift

Traditionally, the Golden Jubilee class makes a collective gift marking the special occasion of 50 years since their graduation from university.

The Class Gift supports the Augustus Short Scholarships which assist Australian students of high academic merit who are disadvantaged and at risk of not pursuing their degree and achieving their career goals.

Agnes Doyle, a recent Augustus Short Scholarship recipient, embarked on a Bachelor of Medical Studies at the University of Adelaide in 2023.

“Growing up in Mount Gambier it was always clear to me that regional healthcare was under resourced and underfunded. Asthma frequently landed me in the hospital, where I encountered various challenges: from being admitted to the adult ICU ward due to limited space in the children’s ward, enduring month-long waits to see a doctor, to traveling to Adelaide for surgery. The lack of staff and resources at hospitals in the country really impacted my family and me,” Agnes said.

“It is an honour to have received the Augustus Short Scholarship and I am extremely grateful for the donors who made this possible.

“Despite working two jobs during my gap year post high school to fund my university studies, the expense of relocating from country South Australia and living away from the family home was challenging,” she said.

Thanks to the support from generous donors, and the Golden Jubilee Class Gift, the Augustus Short Scholarship changes lives each year. However, over the past 20 years, we have received more scholarship applications than we can support, and hundreds of deserving students have missed out on this invaluable financial support during their studies.

Please join us today to help talented students overcome financial and geographical barriers to pursue their dreams of higher education.

Your gift will impact the lives of students at the University for decades to come. Make a gift today by calling us on (08) 8313 5800 or by visiting [give.adelaide.edu.au/golden-jubilee-class-gift](http://give.adelaide.edu.au/golden-jubilee-class-gift)

### Kaurna acknowledgement

We acknowledge and pay our respects to the Kaurna people, the original custodians of the Adelaide Plains and the land on which the University of Adelaide's campuses at North Terrace, Waite, and Roseworthy are built. We acknowledge the deep feelings of attachment and relationship of the Kaurna people to country and we respect and value their past, present and ongoing connection to the land and cultural beliefs. The University continues to develop respectful and reciprocal relationships with all Indigenous peoples in Australia, and with other Indigenous peoples throughout the world.
